For the month of May 2010, one of the area of heavy activity is occurring in the north east section of the Village. To help in deter the burglaries, the CAU suggests to lock the door and windows of the vehicle at all times when not using. Also securing the door and windows of the residence, that will help in preventing a burglary. The southeast side of the Village has been experiencing residential burglaries and garage burglaries - there were forceful entries as well as unsecured doors and windows.
