Call to Order

1. Green Home Presentations

The Village Board issued an RFP for interested parties to respond to a proposed *Green Home Design Project* in the Barrie Park Neighborhood. The single family homes for this potential project were originally purchased by the Village during the Barrie Park Remediation Project. Most of the homes were sold back in the open market; however the Village Board held two homes to consider the potential for a green design project.

The following teams were selected to present to the Village Board their concept. There is one additional team who is out of town and will be scheduled for a presentation upon their return. No decisions will be made tonight, this is a presentation only.

- A. Mi Green Home**
- B. 2 Point Perspective**

**Adjourn to Executive Session Immediately Following Special Meeting to Discuss
Property Disposition and Labor Contracts in Room 130.**
