

**Dear Property Owner or Occupant:**

A survey of properties built prior to 1956 within the Frank Lloyd Wright-Prairie School of Architecture Historic District is being conducted by the Village of Oak Park. Created in 1972 and listed in the National Register of Historic Places in 1973, the district has about 1,500 buildings, but was created without a formal building-by-building inventory.

The goal of the survey is to gather historical, architectural and photographic data on each property in order to assist with future planning and economic development efforts. Your property meets the survey criteria and we would appreciate any information you may have concerning your property's history, occupants, date of construction and type of alterations. At your convenience please supply any historical information available in the appropriate spaces below. Your cooperation is important to aid in this study.

**Address:**

**Original owner or builder** (if known):

**Present Owner:**

**Owner's Address:**

**Date of Construction:**

**Families which have owned or occupied the property and their significance:**

**Any other historical information available** (use back if necessary):

**Major alterations to the property** (porch changes, siding replacement, additions, etc. and dates if known):

Thank you for your time and assistance.

Please mail or drop off this form to Doug Kaarre, Village Hall, 123 Madison Street, Oak Park, 60302-4272. Please respond no later than July 31, 2007.
