

Be a part of the downtown historic preservation discussions

You are invited to participate in a discussion of options for historic designations in downtown Oak Park. Meetings are scheduled for **7 p.m., Jan. 23 and 30** in the Veterans Room of the Oak Park Public Library, 834 Lake St., and **7:30 p.m., Feb. 8 and 21** at Village Hall, 123 Madison St. The Historic Preservation Commission has identified three options for historic designations — establish a National Register Historic District, create a local historic district or designate significant properties as landmarks. The Village Board will rely on feedback gathered through this process to determine what official steps, if any, should be taken to guide historic preservation in the downtown area.

If you are unable to attend a meeting, but interested in commenting, write to the Historic Preservation Commission, Village of Oak Park, 123 Madison St., Oak Park, IL 60302. Or send an e-mail to planning@oak-park.us. All information presented and gathered at the community meetings also will be posted at www.oak-park.us.

For more information, call 358.5417.
