Public Art Commission to Host Family Event

Combining creating art and food with creating an art acquisition fund, the Village's Public Art Advisory Commission will host a family art afternoon from 11:30 a.m. – 3 p.m., Sun., Oct. 5, in the gardens at Cheney Mansion, 220 North Euclid Ave.

For each donation of \$20, participants will receive a bag of art materials from which to create their own art. Picnic foods also will be available for purchase, but arranged so that participants can create their own lunches as well.

Money raised by the event will help the commission create a fund to purchase and commission art for permanent installation in public places throughout the community.

The deadline to register is Wed., Oct. 1. For more information or to register, call 383.2612.
