NIPC Seeks Public Input on 2040 Plan

The Northeastern Illinois Planning Commission (NIPC) has scheduled a series of open house public hearings on the draft *2040 Regional Framework Plan* that will serve as a guide for the region's future land use and development.

Oak Park residents are invited to participate from 4 -7 p.m., Tues., May 17, at Broadview Village Hall, 2350 S. 25th Ave. The Broadview meeting is the closest of 12 being held throughout the region May 9 – 19.

After the public comment period ends, feedback will continue to be taken on-line at www.nipc.org/cg/survey. NIPC staff will then incorporate comments prior to an expected June 29 vote on final plan by the full commission.

For more information on the plan or public comment process, call NIPC at 312.454.0401, extension 505, or email danielclark@nipc.org.
