Health Department Seeking Public Health Award Nominees

Nominations are being sought for individuals and organizations to honor for their exceptional contributions to the health of Oak Parkers. Contributions could be in the environmental, educational or health services fields.

“The ideal nominee is someone who has contributed to the community by either helping to prevent health problems, protecting the community from health problems or developing a plan to help the community manage health problems,” said Oak Park Public Health Director Georgeen Polyak, PhD.

Nominations may be mailed to the Oak Park Department of Public Health, 123 Madison St., Oak Park, IL 60302 or sent via email to health@oak-park.us. Nominations should include the name, address, telephone number and a brief description of the nominee. Deadline for nominations is Feb. 28.

Awards will be presented in conjunction with National Public Health Week, April 3-9. Oak Park has been recognizing citizens for their assistance in improving the quality of health in the community since 2000.

For more information on the awards or nomination process call 358.5484 or email health@oak-park.us.
