Planning Begins for Harlem-South Boulevard Properties

Residents are invited to share their ideas for the future redevelopment of the Village-owned properties at Harlem Avenue and South Boulevard.

A public meeting scheduled for 7 p.m. Wed., April 12, in the ballroom of the Plaza Hotel, located at corner of Marion and Pleasant streets, will be the first of what likely will be several meetings for planning the future development of the site under the Village's recently adopted public participation guidelines.

Public input will help the Village craft a request for proposals (RFP) for development concepts that will be issued once the initial public planning phase has been completed. The Village owned properties to be studied for development possibilities currently are surface parking lots.

For more information, contact the Community Planning and Development Department at 358.5640 or email devsvcs@oak-park.us.
