**Parking permit renewals now available online**

Renewing a parking permit just got a lot easier for many of the nearly 3,600 drivers who began receiving their quarterly renewal letters in the mail this week. Renewals can now be made online at [www.oak-park.us/onlineservices](http://www.oak-park.us/onlineservices) – just look for the *Parking Permit Renewal* button.

To renew online, permit holders need only the *Web ID* and *Web Key* provided on the renewal form they received in the mail, a credit card and a valid e-mail address.

For permit holders whose information remains the same, the new online option means no visit to Village Hall, no lines, no postage and no need to watch the clock since the service is available 24 hours.

The Village does not charge a convenience fee for renewing a parking permit online. However, all outstanding parking fees must be paid to renew a permit.

Initially, the online parking permit service only offers renewals. Future enhancements may include features such as adding one's name to a waiting list for a specific area, transferring to a different lot and maps with current information on available spaces throughout the Village.

For more information on parking permits, call 708.358.PARK, e-mail [parking@oak-park.us](mailto:parking@oak-park.us) or visit [www.oak-park.us/parking](http://www.oak-park.us/parking).
