Village to Recycle Holiday Trees

Holiday trees placed in regular waste collection areas will be picked up and hauled to a licensed composting facility beginning January 7 and continuing through January 18. Tree pick-ups will follow the regular trash and recycling collection schedule.

Residents are urged not to put their trees at the curb unless they have no alley and the curb is their regular collection area.

Trees should not be in plastic bags and be free of all tinsel, decorations and stands.

Wreaths and garlands are not recyclable because they are held together with wire. These items should be placed in the refuse cart.

For more information, please call the Public Works Department at 358.5700.
