Ontario Street Traffic Flow to be Reversed

Signs alerting motorists that Ontario Street between Oak Park and Kenilworth avenues will become one way westbound will go up Tuesday, with reversal of the traffic flow to become effective Tues., May 21. Neighborhood residents also will be notified by letter.

The change is intended to ensure rapid access to the neighborhood by emergency vehicles when Grove Avenue is closed between Lake Street and Ontario to make way for the new Oak Park Public Library now under construction.

Signs warning motorists of the impending change will be placed at Grove and Ontario and at Kenilworth and Ontario. Once the change is effective, "do not enter" signs will be placed at all affected intersections, as well as at the alley entrance to Ontario.
