Summer Watering Restrictions in Effect

Outdoor water use is restricted Mondays through Fridays from May 15 through September 15 to even-numbered street addresses on even-numbered days, and odd-numbered addresses on odd-numbered days.

Watering restrictions, which are mandated by state law for any community using Lake Michigan water, apply to any hose connected to the Village's water supply for watering lawns and plants, and washing vehicles.

Newly planted grass seed, sod, trees and shrubs are exempt from the restrictions during their first 30 days of growth. For more information, call 358.5700 or email publicworks@oak-park.us.
