UIC Planning Team to Present Draft Designs

Students from the University of Illinois-Chicago's Urban Planning and Policy Program will present draft designs for the Harrison Street and Oak Park-Eisenhower business districts from 1 – 4 p.m., Wed., Oct. 30, at the project's neighborhood headquarters at 828 S. Oak Park Ave.

These draft designs were created to generate feedback from residents and business owners. The feedback will help the UIC graduate students, who are working under the direction of faculty members, move closer to finalizing their recommendations for future development of the two business districts.

The project's Oak Park design studio also is open from 10 a.m. until noon each Saturday.

For more information or questions about the project, call 312.413.0048 or email lib-docs@uic.edu. Information on the project also is available at the project website <http://oakparkinfo.lib.uic.edu/index.htm>.
