Commission to Review Parking Plan for High School Neighborhood

The Parking & Traffic Commission will host a special meeting to review a proposed parking plan to increase supply and relieve congestion in the neighborhood bounded by Ridgeland Avenue, Oak Park Avenue, Chicago Avenue and Lake Street. The meeting is scheduled for 7:30 p.m., Thurs., Dec. 12 in Council Chambers at Village Hall, 123 Madison St.

The plan under consideration would use on-street parking regulations to provide relief to residential properties, and a new garage on high school property to increase the off-street parking supply.

The plan was crafted after many discussions with neighborhood stakeholders, including at the Campus Planning Forum hosted by the Huskie Booster Club.

Anyone wishing to comment, but unable to attend, may fax comments to the Parking Development Manager at 358.5671 or email them to [devsvcs@oak-park.us](mailto:devsvcs@oak-park.us).
