

COVID-19 Public Health

BULLETIN ON STATUS OF COVID-19 TESTING

Issued: July 8, 2020
4:45 pm

Mike Charley
Public Health
Director Department of
Public Health
Village of Oak Park

Pursuant to Village of Oak Park Resolution 20-120 dated March 13, 2020, the Oak Park Village Board has declared an emergency affecting the public health due to the outbreak of the COVID-19 disease pursuant to Section 8-10-5 of the Illinois Municipal Code, 65 ILCS 5/8-10-5, and Sections 2-6-10, 2-27-9 and 20-1-6(Z) of the Village Code. Pursuant to the Resolution, the Village’s Public Health Director has the authority to make “reasonable rules, regulations and orders . . . as may from time to time be deemed necessary for the preservation and improvement of the public health and for the suppression of disease.”

BULLETIN

The spread of COVID-19 is a rapidly evolving situation and the intent of this BULLETIN is to share with the public basic public health information that does not require the issuance of an emergency notification through the Village’s alert system that is used to notify residents when emergency situations occur, not general information. Anyone who would like to register for Village emergency alerts should go to <https://www.oak-park.us/news/covid-19-coronavirus-resources>.

OAK PARK RESIDENT POSITIVE COVID-19 TESTS

The Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases; since last reported on Wednesday July 1:

| <u>Date</u> | <u># of Cases</u> | <u>Age of Cases</u> |
|--------------------|-------------------|---------------------|
| July 2 (Thursday) | 4 | 20s to 40s |
| July 3 (Friday) | 4 | <20s to 60s |
| July 4 (Saturday) | 2 | <20s to 20s |
| July 5 (Sunday) | 1 | <20s |
| July 6 (Monday) | 1 | 30s |
| July 7 (Tuesday) | 0 | n/a |
| July 8 (Wednesday) | 1 | <20s |

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of three-hundred and sixty-one (361) total Oak Park COVID-19 cases. Note that the total reported cases include last week's total of three-hundred thirty-six (336) cases plus this week's total of thirteen (13) cases plus twelve (12) cases previously unreported older cases (<06/27/2020) that were reported to the Health Department by the IDPH on 07/02/2020. IDPH communicated that the older cases were previously identified as residents not residing in Oak Park, but further data analysis showed that they were Oak Park residents and transferred within the State's communicable disease database to Oak Park residents.

A summary of the previously unreported cases:

| <u>Month Reported</u> | <u># of Cases</u> | <u>Age of Cases</u> |
|-----------------------|-------------------|---------------------|
| March 2020 | 1 | 40s |
| April 2020 | 7 | 20s to 60s |
| May 2020 | 3 | 20s to 40s |
| June 2020 | 1 | 20s |

It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

Also, Oak Park Public Health Director Mike Charley reported today the twenty-sixth death of Oak Park resident believed to be related to the COVID-19 coronavirus. The fatality was a male in his 60s. The resident had earlier tested positive for the virus, but the final cause of death will be determined by the Cook County Medical Examiner. Director Charley expressed his sincere condolences to the resident's friends and families for the loss of their loved one.

The below [Oak Park Long-Term Care & Assisted Living Facility Cases](#) chart remains unchanged since data last reported on Friday July 1, 2020.

OAK PARK LONG-TERM CARE AND ASSISTED LIVING FACILITY CASES

| Facility Name | # of Resident Cases | # of Resident Deaths | # of Staff Cases |
|--|----------------------------|-----------------------------|-------------------------|
| Belmont Village of Oak Park | 2 | 2 | 4 |
| Berkeley Nursing & Rehabilitation Center | 3 | 3 | 1 |
| Brookdale Oak Park | 7 | 1 | 7 |
| Oak Park Arms | 6 | 1 | 3 |
| Oasis of Oak Park | 23 | 11 | 6 |

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).
