COVID-19 Status Report
Oak Park Village Board of Trustees

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

#### **New Public Health Guidance**

The Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases; since last reported:

Date	# of Cases	Age of Cases
October 29 (Thursday)	22	<20s to 70s
October 30 (Friday)	39	<20s to 90s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of nine hundred and sixty-seven (967) total Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

It is noted that this is the highest daily case report in Oak Park at any point in the pandemic.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

# Cases related to Long-Term Care and Assisted Living Facilities

Public Health Director Charley also reports an outbreak at Berkeley Nursing & Rehabilitation, 6909 North Avenue, with twenty-four (24) new resident cases as well as one staff case. The resident

cases are report in the Long Term Care facility chart below and they are included in the daily case totals for Oak Park residents. Interim Deputy Fire Chief of Infectious Disease Steve Ausmann is continuing to work very closely with the Illinois Department of Public Health (IDPH) Infectious Disease Specialist and coordinating on the infection control procedures at Berkley.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	2	3	7
Berkeley Nursing & Rehab Center	28	3	2
Brookdale Oak Park	8	1	14
Oak Park Arms	6	1	4
Oasis of Oak Park	23	12	8

## **Village Employees Test Positive**

The Village has had an employee test positive for COVID-19 during the past week. This is the eleventh Village employee and in compliance with the Village's safety protocols and provisions already in place for COVID-19 positive diagnoses in the workforce, the employee and any other employees who have had direct close contact with this individual, was notified and placed in quarantine status. The Village has initiated cleaning protocols for any and all spaces identified as higher risk. The individual is a sworn employee working in the Police Department. Because of privacy laws, no additional information can be released.

#### **Business Loan Update**

To date, 34 local small businesses have been approved for \$162,485 in loans through the Oak Park Business Assistance Loan Program, which is funded by a federal CARES Act Community Development Block Grant created in response to the COVID-19 emergency. Additional applications are under review. Loans have been distributed to businesses in every business district and staff is continuing to urge business to review the guidelines and apply for assistance online at www.oak-park.us/covid19businessloan.

### **Public Health Data**

Public Health Director Charley has shared the following data related to COVID-19.

"New cases per 100,000 People". This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 210 /100,000 (the rate was 144/100,000 on 10/28)
- Cook County rate: 226/100,000 10/18 through 10/24 (the rate was 188/100,000 for 10/11 through 10/17)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people

• Warning for County-level data: New case rate is greater than 50 cases per 100,000 people

# All Cases through 10/28/2020
