

# Final Recommendation on Parking Pilot Program

Transportation Commission Meeting April 23, 2018 Village Hall Council Chambers

# **On-Street Parking**

Meters/Pay-By-Plate or Space				
Add Meters	Add meters (pay-by-plate) on Madison Street	The meters in this area are needed as a parking management tool		
Remove Meters	There are no identified locations to remove meters in the pilot area	The meters in this area are needed as a parking management tool		
6AM - 8AM	Unrestricted	Parking is unrestricted, at no cost during this timeframe		
8AM - 8PM	Paid parking hours to increase and create turnover	Charging after 6 pm creates an opportunity for an additional dinner shift for businesses. Also, makes enforcement easier since your either compliant with payment or non-compliant. Any increases to paid hours must be Village-Wide		
8PM - 2:30AM	Unrestricted	Parking is unrestricted, at no cost during this timeframe		
2:30AM - 6AM	Need A Permit/Pass	Registered pilot permits and/or authorized passes will be valid to park at designated metered space (on both sides of pleasant, the diagonal spaces on the West side of Marion, and on Madison) 2:30AM to 6AM. Paid parking regulations apply Monday - Saturday 8AM to 8PM or unless otherwise posted		
Paid Days	Monday - Saturday	As-is. Meters will be converted to Pay-By-Plate technology		
Free Days	Sunday	As-is; Parking is unrestricted 6AM until 2:30AM Monday morning, at no cost during this timeframe		
Rate Structure	Paid - Dynamic Pricing (3 hr. plus escalated hourly rate - no time limit	\$1 an hour, rate will be established for the first 3 hours of paid parking at a meter or pay station. Vehicles that extend their stay beyond the initial 3 hours will pay an escalated hourly rate, for example, \$3/hour for any additional time with no time limit		

# **On-Street Parking**

### **Daytime Restrictions**

Unrestricted	As-Is	Current streets in the pilot area without parking regulations will not have any policy changes
Time Limits	<ul> <li>3 Hour Parking (8am - 8pm)(Permit/Pass to override)</li> <li>*Short Term (non-residential) Time Limits like 15 minutes, 20 minutes, 30 minutes, 45 minutes, and 1 Hour Parking can be standardized as well</li> </ul>	Any pilot street that has a time limit will be standardized to a 3 hour parking time limit 8AM - 8PM Monday-Saturday. Time limits are how long you allowed to park on a street. Time limits will not apply to pilot parking permits and/or authorized passes
Time Restrictions	As an example current No Parking 8am-10am These types of restrictions will convert to 3 Hour Parking (8am - 8pm) (Permit/Pass to override)	during this time unless otherwise posted. Any pilot street that has a time restriction will be standardized to a 3 Hour parking time limit from 8AM- 8PM Monday-Saturday. Time restrictions are when you cannot park and therefore are the most restrictive type of parking, however, registered pilot permits and/or authorized passes will be valid during time limits and you will not be required to move your car unless otherwise posted. This creates consistency.
How Far?	As-Is, Tracked by block	This is the current practice and prevents people from moving 1 space up on the block.
Restricted Days	Mon - Sat	As-Is with standardization
Non-Restricted	Sunday	As-Is with standardization
Special Restrictions	As-Is	Staff is defining special restrictions as State level, school safety, or hospital area restrictions. These will remain as-is.

# **On-Street Parking**

### Permit/Pass Parking (2:30am-6am)

Existing Permit Spaces	Permit/Pass	Open parking 8PM to 2:30AM. Any vehicle parked after 2:30AM must be registered with a permit/pass on any street within the pilot area (i.e. where restrictions exist, a permit/pass would be allowed to park except no parking zones like red curbs & fire hydrants. Permit parking will be added to every street in the pilot area.
Existing Pass Spaces	Permit/Pass	Open parking 8PM to 2:30AM. Any vehicle parked after 2:30AM must be registered with a permit/pass on any street within the pilot area (i.e. current registered overnight passes park on any non-permitted side street, these vehicle would be allowed to park at any on street location except no parking zones like red curbs & fire hydrants. Permit parking will be added to every street in the pilot area.
Who?	Residents of the pilot area, Residents Guests, Resident Service works only! Consideration for local employees without parking options on East/West Streets	This means that any registered cars in the pilot area during overnight hours are known to be Oak Park residents or their guests.
How Long?	Once a week. Designated Day - For example NO PARKING on the South Side of the Street (i.e. Monday 8AM-1PM). Permit or Pass does not override. Allows for Vehicle Abatement, street maintenance, leaf removal	Each block face will posted with a mandatory NO PARKING regulation to allow for vehicle abatement, street maintenance, leaf pick up, catch basin cleaning and tree trimming services. No permits or passes will be valid during this posted regulation.
Additional Permits	Higher tiered pricing (additional permits per unit)	It is anticipated that additional permits for purchase will be available. There is a consideration that second vehicles permits would be priced at a higher rate.

# **Off-Street Parking**

Paid Parking				
Unrestricted	As-Is	Parking lots and enclaves in the pilot area without parking regulations will not have any policy changes		
Time Limits	3 Hour Parking	These are removed per the new rate structure		
Rate Structure	Paid - Dynamic Pricing (3 hr. plus escalated hourly rate - no time limit	\$1 an hour, rate will be established for the first 3 hours of paid parking at a meter or pay station. Vehicles that extend their stay beyond the initial 3 hours will pay an escalated hourly rate, for example, \$3/hour for any additional time with no time limit until 8PM		

Permit Parking				
Existing Permit Spaces	As-Is (w/ Future Staff Review)	<ul> <li>Existing Permit Spaces can be day, night or 24/hours. Each current location will be evaluated by staff using the Transportation guidelines to determine how these spaces could be allocated. These guidelines will be established in the future as a tool box for staff to make changes in lots</li> </ul>

Renewal Dat	es
Annually	07/01-06/30
Renewal Date	85
Annually	07/01-06/30
	Annually Renewal Date

Replacement for quarterly permits = \$5

Pricing current as of Nov. 6, 2017

Fees will remain the same for pilot.

# **Additional Information**

Signage	Standard from the Manual on Uniform Traffic Control Devices from the U.S. Department of Transportation Federal Highway Administration	Use of standard signs with language as needed for rules Easier rules should result in less confusion
Enforcement	Clear and Consistent Message	This will make enforcement efforts easier thus increasing compliance There will be dedicated enforcement personnel to the Pilot area
Warnings	Warning per plate with link to new rules	This will make enforcement efforts easier and create an education period for drivers
Pilot Time Frame	180 days (6 mos.) experiment with 180 days (6 mos.) extension	With updates to the Transportation Commission and Board of Trustees

# Signage

# What we know about the 2018 Capital Budget

As approved by the Village Board of Trustees, and regardless of if a parking pilot is to occur, staff intends to stay within these budget amounts and not make major changes due to the pilot project

- ✓ On-street pay stations to replace meters are budgeted for
- ✓ On-street parking regulation sign updates are budgeted for
- ✓ Parking Wayfinding signs are budgeted for
- ✓ Unified Parking Technology Upgrade is budgeted for
  - ✓ Parking Technology
  - ✓ Citation Management Technology
  - ✓ Parking Enforcement Handhelds & Systems
  - ✓ Mobile License Plate Recognition Systems for Vehicles

# What we know about the parking pilot program

- 1. Created more parking options in existing parking spaces that were not previously available
  - Day Parking for residents, their guests, their services workers, and their service providers.
  - Overnight parking for residents and their guests.
  - Strengthened the parking restrictions for residential streets.
- 2. Simplified Parking Rules/Restrictions
  - Making it easier to understand
  - Making it consistent
  - Making for an easier message
  - Making the enforcement process easier, as stated by the Police Department
  - Making adjudication process easier
  - Making for more compliance
- 3. Strengthened the parking restrictions for overnight parking from 2:30am by use of registration to all vehicles which must belong to a resident or their guest.
  - Eliminated non registered vehicles in the Village during said hours and during the hours of the overnight ban 2:30am-6:00am

## Measuring Success/Evaluations of Pilot

- What defines success?
  - Public Feedback (Residents and Businesses)
  - Compliance
  - Check for duplicate offenders (between warning tickets and tickets)
  - Police Department in conjunction with the Adjudication Department will verify the comparison of parking citations for the pilot period as compared to previous years.
  - Information Technology in conjunction with the Finance Department will verify the comparison of Vehicle Stickers compliance for the pilot period as compared to previous years.
  - Staff will report back to TC at multiple times during the pilot
  - Staff will report back to Board at multiple times during the pilot
