

Signage Display Guidelines Concealed/Carry Prohibited Areas

The State of Illinois recently passed new legislation allowing licensing of citizens to carry concealed firearms on their person in public. Exceptions to this legislation allow property owners to prohibit licensees from entering into or onto their property while carrying concealed firearms. In order to ensure uniformity, the Illinois State Police *requires* property owners who wish to ban carrying of concealed firearms on their property to display the sign below:

This sign is available for download at the Illinois State Police website:

<https://ccl4illinois.com/ccw/Public/Signage.aspx>

When printing the sign, please ensure the sign, including the black borders surrounding the *no firearms* symbol, measure 4 inches from top to bottom and 6 inches from left to right.

The sign must be posted at the main entrance to the building, premises or real property. This sign provides official notice to persons entering that they are entering a prohibited area and shall not carry a concealed firearm. Details on where concealed firearms are prohibited in Oak Park are printed on the back of this fact sheet.

A concealed-carry licensee is permitted to carry a concealed firearm on or about his/her person within a vehicle into a prohibited parking area, and store a firearm or ammunition concealed in a case within a locked vehicle, out of plain view within the vehicle in the parking area. A concealed-carry licensee may carry a concealed firearm in the immediate area surrounding his/her vehicle within a prohibited parking lot area only for the limited purpose of storing or retrieving a firearm within the vehicle's trunk.
